### AGRODEP 2019 Membership Survey

AGRODEP members were recently asked to participate in a membership survey that ended on December 13, 2019. The survey was designed to update existing member profiles, including recent publications, projects, and awards, as well as collect information about participation and interest in AGRODEP activities. Ninety-five percent of the respondents indicated that membership in AGRODEP is beneficial to their career.

The survey results will help AGRODEP in developing future activities for members as well as improve identification of members to be considered for research and policy analysis projects under AGRODEP's Policy Analysis and Advisory Services component (PAAS).

### AGRODEP Webinar for New Governance Groups

The AGRODEP management team conducted a webinar on December 20, 2019 to welcome the members of the recently formed AGRODEP Technical Committee and AGRODEP Consortium Board.

The team presented an overview of the AGRODEP project, including a brief background of past and current activities, highlighting the recent involvement of several AGRODEP members in the 2019 Africa Agriculture Trade Monitor. Results from the recent membership survey were also summarized and discussed, and plans for upcoming 2020 activities were outlined.

---

*The AGRODEP Management Team would like to wish each of our members and partners a happy and healthy New Year!*

*We look forward to continued partnership and learning in 2020.*
